

OH “WOW”

Now this is how you get spatial

Marseille, France

Tuesday 25th April, 2023

Hexagone 172 Av. de Luminy,
13009 Marseille

[REGISTER NOW](#)

AGENDA

- 12:30** Registration with Lunch & Coffee
- 13:00** “NanoString Spatial Biology Roadmap: from tissue Digital Spatial Profiling to single cell Spatial Molecular Imaging” + Live Demo
Rich Boykin and Tony Zucca
- 14:00** Single-cell spatial in situ transcriptomics unravels vulvar HSIL composition associated with complete response to therapeutic vaccination
Ziena Abdulrahman
- 14:30** “Metabolism with single cell resolution: SCENITH go spatial”
Rafael Argüello
- 15:00** Coffee Break
- 15:30** Customer talk
Sarah Turcan
- 16:00** Spatial data analysis and AtoMx demo
Mark Gregory
- 16:30** *Networking*

SPEAKERS

Rich Boykin, PhD
Chief of Bioinformatics
NanoString Technologies
Seattle, WA

Tony Zucca, PhD
Manager, Technical Sales EMEA and APAC
NanoString Technologies
London, United Kingdom

Ziena Abdulrahman, PhD
Leiden University Medical Centre, Leiden
The Netherlands

Sarah Turcan, PhD
Director, Alliance Management
Veracyte, Marseille, France

Rafael Argüello, PhD
Principal Investigator, CNRS Researcher
Centre d'Immunologie de Marseille-Luminy,
Marseille France

Mark Gregory, PhD
Senior Data Scientist, Computational Biology
NanoString Technologies
Seattle, WA
